

Secure access to critical due diligence details

For organisations that require multiple deployments and demand precise control behind their own firewall, LexisNexis® offers a complete enhanced due diligence solution.

A screening platform you can rely on, LexisNexis® Bridger Insight® XG is one of the most widely used compliance suites in the industry, trusted by top multinational financial institutions. It provides real-time and batch screening of new and existing customers by combining a suite of decision-based tools into one intuitive interface, including:

- Extensive watchlist screening, supporting global government watchlists and multinational identity verification solutions
- Politically Exposed Persons screening
- Sophisticated false positive reduction using an advanced matching algorithm
- Integrated access to additional due diligence tools
- Automated process flow and reporting
- Real-time look-up or batch processing
- Support for watchlists created by your organisation, such as internal identity fraud lists
- Archiving for audit support and reporting
- Management reporting for optimizing compliance process efficiency

A compliance solution to fit your data security preferences

Bridger Insight XG Enterprise is designed to meet the needs and data security preferences of large and complex organisations requiring complete system-to-system integration. The platform supports due diligence workflow and business process segregation.

Bridger Insight XG Enterprise is fully scalable, offering a future-proof solutions for growing companies. The platform supports segregation of business units to mirror the actual workflow within your company, making it suitable for use within complex organisations with multiple business units. The platform offers system-to-system integration to work with your existing and evolving business processes.

Concise reporting delivers actionable results

- **High volume:** Delivers advanced automation designed to sustain high-volume/frequent batch processing.
- **Company-specific deployment capabilities:** The Bridger Insight XG Enterprise solution is deployed on your hardware, under your strict control.

Ongoing, professional support

With Bridger Insight XG Enterprise, you will be assigned a Premier Support Representative (PSR)—a professional who will act as your organisation's main point of contact. Your PSR will be familiar with your organisation's product configuration, including your company-specific deployment and overall product usage. Premier Support includes four one-hour product training sessions to help optimise how Bridger Insight XG supports your organisation. In addition, you will have an after-hours contact number for any emergencies.
